

IMPULSE/ BAG SEALING MACHINES

BSE

Saves your time and cost of packaging material

- Easy to operate
- Easy to maintain
- Economical in daily use
- Solid design
- Adjustable temperature
- Adjustable sealing speed
- Table model

General technical Specifications

Sealing width: 2 – 8 mm.
Temperature: 50° – 220°

100
200
300
400
500
600

BSE 100

Welding length: 100 mm.
Machine dimensions (LxWxH): 150 x 60 x 90 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 2.4 kg.

BSE 200

Welding length: 200 mm.
Machine dimensions (LxWxH): 260 x 65 x 95 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 2.5 kg.

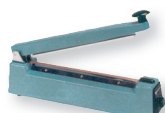

BSE 300

Welding length: 300 mm.
Machine dimensions (LxWxH): 370 x 70 x 100 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 2.6 kg.

BSE 400

Welding length: 400 mm.
Machine dimensions (LxWxH): 480 x 75 x 105 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 2.8 kg.

BSE 500

Welding length: 500 mm.
Machine dimensions (LxWxH): 590 x 80 x 110 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 3 kg.

BSE 600

Welding length: 600 mm.
Machine dimensions (LxWxH): 690 x 85 x 115 mm.
Power: 230 Volt, 50 Hz, 0.4 kW
Machine weight: 3.2 kg.
